

## ***WILD COAST HOTEL-HOPPING TRAIL***

The full "hotel-hopping" trail extends southwards from Kob Inn in the north to the small town of Chintsa in the south. The first 3-4 days of the trail lies to the north of the Kei River in what was formerly known as the Transkei, while the last 2 days extends from Morgan Bay along the eastern Cape holiday coast north of East London.

The hike takes in some of the most unspoilt and picturesque sections of our coastline and can be walked by anyone who is reasonably fit and enjoys rambling, as there are no serious challenges other than the odd river which must be waded. When river levels are up after heavy rains, a ferry will be arranged. The Kei river marks the border between the Transkei and the eastern Cape and you will cross this broad river by means of one of the last operating pons in the country.

The standard 5 night / 4 days hiking "hotel-hopping" trail package is described here. However, please let us know your time and/or budgetary constraints in order that may develop an itinerary to suit your needs

### **Maximum Number of Hikers:**

Group sizes of 6-12 hikers are preferred as this is the number of seats in the bus.

## Duration & Distances:

The full trail is 83 km long. The trail is not marked in the Transkei section and a guide is required for first time hikers. It is important that you time your day's walk to coincide with the tides so that you walk on the hard sand with a receding tide and reach the river mouths at low tide to make the crossing easier. Your guide will assist you with this and show you the best place to cross

**Leg 1: Kob Inn to Mazeppa Bay: 6 km** - the shortest stretch with easy walking under huge sand dunes to Mazeppa Point.

**Leg 2: Mazeppa Bay to Cebe : 13km** - an easy and empty stretch along sandy beaches with a some inland paths and small grass covered bluffs.

**Leg 3: Cebe to Wavecrest: 8km** - The main route takes you around Bowkers Bay and Sandy Point for a long beach walk in. If staying the night at Serendipity Cottage in Cebe you can elect to do a forest walk along the Nxaxo river with an exit shortly before Wavecrest hotel (need a specialist guide for this option)

**Leg 4: Wavecrest to Seagulls/Trennerys: 13km** - follow jeep paths above a rocky coast, Jakaranda ship wreck and a river crossing of the Kobonqaba river (canoe ferry organized if river is up).

**Leg 5: Trennerys to Morgan Bay: 14 km** - walk to Kei River mouth and follow estuary up river to the pont. A walk through Kei Mouth village and then to Morgan Bay lighthouse through a small stretch of coastal forest

**Leg 6: Morgan Bay to Haga Haga: 14 km** - spectacular cliffs and shelly beaches mark this section of the coast. One river crossing (normally wadeable) at Double Mouth.

**Leg 7: Haga Haga to Cintsa: 16 km** - a rocky wavecut platform and a long sandy beach passing several picturesque lagoons.

## Customising your Hike

A number of options exist to include other adventure activities such as canoeing, river cruises and visits to nature reserves etc. This allows you to spend more time at the locations you pass through - enjoying nature and local activities along the way. Depending on your abilities as hikers you can also shorten or extend your days walks or perhaps use a rest day at one or more of the hotels.
